Top Young Farmers Of Nation To Visit Porterville Area As Part Of National Awards Program

By Bill Reece

PORTERVILLE, Apr. 7 — California's agriculture generally, and Kern county's in particular, is being given the once-over this week by 48 of the nation's top young farmers, who came to Bakersfield to attend the sixth annual Outstanding Young Farmers National Awards banquet that was held last night at the Albert S. Goode auditorium.

The nominees from the 48 states have been taken on a tour of Kern county's vast farming enterprises, and they have but one word for them, "Big". Which isn't too surprising in view of the fact that they visited such places as the 40,000 head feedlot of the Kern County Land Co., the 30 acres of warehouses comprising Cal-Cot and the 10,000 acres of vineyards at the DiGiorgio farms.

Cyrille Faure, of Porterville, who was named one of the nation's four outstanding young farmers in 1958, has invited a dozen or more of the young farmers and their wives to visit Porterville on their way home, at which time he plans to show them some of our own area's family type farms, just so they won't get the impression that all California farmers are corporate in size.

This is the first year that California has been awarded the much coveted honor of entertaining the country's young farmers of tomorrow. The annual selections are handled by the nation's Junior (Continued On Page 9)

FIRE FIGHTERS START TRAINING

PORTERVILLE, Apr. 7 — Fire fighting team from the Tule River Indian reservation will start training this month under the direction of Jim James, fire control officer of the U.S. Forest service. The team will be used by the Forest service in fire control work; first organizational meeting was held last February.

WORK CAMP AT INDIAN RESERVATION

PORTERVILLE, Apr. 7 — Conversion of old adobe buildings into a community center and Tribal Council headquarters on the Tule River Indian reservation is the ultimate goal of a Work Camp program that will be started on the Reservation during next week's Easter holidays, and continued during the summer through cooperation of the Tribal Council and the American Friends Service committee.

The "high school age work camp" next week will be under direction of Norman Goerlich, staff worker from San Jose, who will be accompanied by his wife and a boys and girls supervisor from the Bay area.

Participating in the work camp will be 15 high school age students who have been selected in the American Friends service office in San Francisco from the applicants throughout California.

Major job of the work group will be to prepare for the summer camp, which will bring 15 to 20 college age workers to the reservation for a period of eight weeks, with this camp being organized out of the national office in Philadelphia.

During Easter week, members of the work camp will sleep out on the reservation and will pre- (Continued On Page 9)

ENTRIES FOR HOME ECONOMICS DIVISION OF PORTERVILLE FAIR WILL BE JUDGED AT WOMEN'S CLUB

PORTERVILLE, Apr. 7 — Plans for the home economics division of the Porterville fair, May 19, 20 and 21, were announced this week by Mrs. John Guthrie, chairman of the division, who states that entries for this division of the fair will be judged at the Porterville Women's club on May 17, starting at 9:30 p.m.

Exhibitors are asked to bring their entries to the Women's club

on May 16, between 3:00 and 7:00 p.m. Following judging there, exhibits will be taken to the fair grounds.

Co-chairmen with Mrs. Guthrie are: Mrs. Richard Pratt and Mrs. Paul Upton, foods; Mrs. Harold Wilcox and Mrs. Oren Sheela, clothing.

With 4-H club girls, and high school home economics students eligible to show, a junior division (Continued On Page 10)

Science Fair Now Underway At College

PORTERVILLE, Apr. 7 — Top exhibits prepared by more than 200 students in 11 Tulare and Kings counties high schools will be on display today and Friday at the Porterville college science wing in the second annual Area Science fair, sponsored by the Central Valley Science Teachers association.

The exhibits will be open from 1 to 10 p.m. on Thursday, from 9 (Continued On Page 2)

Cousin Herb Is Booked For Roundup Dance

PORTERVILLE, Apr. 7 — New features for the 13th Annual Porterville Roundup, May 7 and 8, have been announced by the sponsoring organization — the Orange Belt Saddle club — with Cousin Herb, and his Tradin' Post gang now officially booked to play the Roundup dance that will be held in the "Cummings Barn", on Poplar road the night of May 7.

The barn is being made available by Dolph Smith since the Green Mill, for many years the scene of the Roundup dance, is being converted to a skating rink.

Special arena attraction at the May 7 Roundup will be the famous Rockettes, of Visalia, all-girl riding team that has won top honors in state competition. On May 8, Porterville's all-girl drill team, the Canterbelles, will ride.

Roundup committee members state that Porterville's Main street will be decorated with gold and silver banners prior to the show.

BONUS TUESDAY IS \$104

SPRINGVILLE PLAYS HOST THIS WEEKEND WITH RODEO IN COLORFUL GILL ARENA

SPRINGVILLE, Apr. 7 — Professional cowboys from throughout the West started rolling into Springville yesterday, as official headquarters was opened for the annual Springville Rodeo that is set for Saturday and Sunday at the colorful Gill arena.

Professional cowboys from throughout the West started rolling into Springville today, as official headquarters was opened for the annual Springville Rodeo that is set for Saturday and Sunday at the colorful Gill arena.

Cowboy secretary in the headquarters office is Larry Southard, a former competitor from El Monte, who reports that among early arrivals are Lawson Fore, of Riverside; Gene Mills, also from Riverside; Don Adams, of Newhall; Ed Barz, of Los Angeles and Stan Neal, of Napa.

And from Visalia will come Bob Wiley, a former Porterville college athlete, who is tabbed as one of the brightest champion prospects in calf roping competition.

Many of the nation's top rodeo competitors are expected to sign in prior to the Friday deadline; on Saturday and Sunday these professional cowboys will be seeking world championship points with the tough bronses, bulls and steers of the Flying U Rodeo com- (Continued On Page 9)

CARMAH HODGES, who first came to Tulare county more than a half-century ago, will be honored by presidents of the Springville community when she appears as grand marshal of the Springville Rodeo parade that will lead off the Springville rodeo weekend at 10 a.m., Saturday. The rodeo is slated for Saturday and Sunday afternoons, April 9 and 10, starting at 1 p.m., in the Gill arena.

Mrs. Carmah Hodges Will Ride AS Grand Marshal Of Springville Rodeo Parade Saturday Morning

SPRINGVILLE, Apr. 7 — Mrs. Carmah Hodges, a pioneer who first came to Fresno in 1888, to Visalia in 1905 and to the Porterville area in 1907, will appear as Grand Marshal of the Western parade that will open Springville's Rodeo weekend, Saturday morning at 10 a.m.

Following the parade, she will be seated as guest of honor at the afternoon show in the Gill arena, and again, on Sunday, April 10, during the second day of the two-day Springville rodeo.

Mrs. Hodges, whose husband, the late Charles P. Hodges, was an early-day rancher and livestock man, has pleasant memories of summers spent in the Upper Grouse valley country of the Sierra, at her husband's cattle camp.

And she recalls taking her five-month-old daughter — now Mrs. Ira Spees Jr., of Springville — on the front of her saddle for the nine-mile horseback ride into the cattle camp.

The first time Mrs. Hodges came to Porterville, shortly after the turn of the century, it was by train; she traveled by wagon and horse-drawn stage between Porterville, Frazier valley, Milo and

Springville in the early days. She joined the Eastern Star in Visalia in 1906.

As for the "old days" compared to modern times, Mrs. Hodges says that there are some things about the past that she liked better, but modern days "are quite wonderful" (Continued On Page 10)

Sportsmen Plan Biggest Banquet Apr. 25

PORTERVILLE, Apr. 7 — Directors of the Southern Tulare County Sportsmen's association will meet Friday evening, at 8 o'clock, at the Porterville Elks lodge to further plan "the biggest annual banquet in the history of the organization" on Monday evening, April 25, at the Rockwell Manufacturing company plant.

Speakers will be Walter Shannon, head of the state fish and game department, and William E. Warne, former department head and now director of the California department of agriculture.

Committee chairmen for the (Continued On Page 10)

WESTERN PARADE MAY 7 WILL SET THEME FOR PORTERVILLE ROUNDUP; PARTICIPANTS WILL GET ARENA PASS

PORTERVILLE, April 7 — A western parade, featuring horse-drawn vehicles, riders, mounted groups and marching units, will set the theme for the Porterville Roundup weekend May 7 and 8, with the parade to move down Porterville's Main street at 10 a.m. on May 7, preceding the opening afternoon show of the two-day Roundup.

No motor-driven vehicle will be allowed in the parade, as the color

of the old west is recreated by western horsemen and by horse-drawn vehicles of by-gone days. Spanish dress will be classed as western.

Each person participating in the parade will receive a pass to the Saturday afternoon performance of the Porterville Roundup, according to J. Claude Nelson, parade chairman.

First, second and third prizes will be awarded to riding groups. (Continued On Page 10)

WAKE UP AND READ

With this week being National Library week, it is fitting to call to attention the opportunity that exists in this community to "Wake Up And Read," an opportunity provided by the Porterville city library.

Actually, the Porterville library offers considerably more than the 25,000 or so books that it has for public use. It has just put into circulation the Douglas Beatty memorial record collection of great classical music. It can make available to you more than 500 religious slides; it has 80 magazines available; it has a small collection of youth magazines in Braille, and some talking books; it offers publications of a technical nature, and color sound films on certain subjects.

The Porterville library provides a quiet reading room that many persons use; a children's section; a study or research room. And always there is some sort of special exhibit in the library, relating to such things as art, travel, history, and other interesting and educational subjects.

Because of the staff, and the board, and the attitude of city officials over a long period of time, Porterville has an excellent library.

And in reminding all of us to "Wake Up And Read," Librarian Dorothy Margo sort of pins things down when she says that reading can be for profit, for information, for recreation, for education, and for peace of mind.

Hmmm. Turn off that TV. It's time to wake Up And Read.

Science Fair

(Continued from Page 9)
a.m. to 3 p.m. on Friday.

Exhibits will be in four fields: Physical science and mathematics, biology, electronics, and general science. Thirty-six awards, including \$400 in cash for top prize winners and ribbons for place-winners, will be presented at a program Thursday night. A sweepstakes award of a power saw will be presented by the Rockwell Manufacturing Co. All students who qualify for the science fair will receive certificates of merit.

B. R. Cuffman of the science department at Proterville college and secretary of the association, is general chairman for the fair.

Porterville College will host its annual open house and Patrons' Night program Thursday in conjunction with the science fair.

Director O. H. Shires said conducted tours would be scheduled of campus facilities, including the new library under construction. Patrons also will view the science fair exhibits, and enjoy a short program which will include entertainment, presentation of the science awards, a brief report on Porterville's community college, and the serving of refreshments.

All persons interested in the college program, or in viewing the expansion of its campus during the past year, are invited, Shires said.

By John

We thought summer weather might slow you gardening fools down but so far it has only brought you out in greater numbers. Either no one has hooked up the air conditioning or you're cracking up with the heat.

This coming Sunday being Palm Sunday we considered advertising palm trees. This would seem appropriate and also go along with the desert weather. However, we decided it might be better to "palm" something else off while you're still reeling from the heat.

One of the things available now is a fine assortment of roses. These are blooming so we can't lie about the color. If you wear your glasses and come in reasonably sober you have a good chance of getting the kind you want. Tree roses, bush roses, and climbing roses are all loaded with bloom. In fact they're so pretty you won't even notice the aphids which we throw in free with every plant.

Gloriosa Daisy, Dwarf Dahlia, Zinnia, and Marigold will survive any real hot spots you have and sell for around sixty cents a dozen. Red Yam Plants, Tomato, Pepper, and Egg Plant are in stock for your home garden plus Vegetable Seeds so fresh they have next year's price on every package. In fact most everything can be found on "E" Street north of Olive, except a clerk.

PORTERVILLE BEARS FIELD STRONG AMATEUR CLUB

Tommy Brown's talent-loaded Porterville Bear baseball team will move into the baseball wars next week as they take on the Exeter Monarchs Saturday and the

Both games will be played under Both games will be played under the municipal park lights.

"A talk this week with Brown, who is Poplar's number one baseball fan and who has been managing in this area since 1952, when he took command of the Poplar Cardinals, revealed that the man has good reason to be very hopeful concerning the 1960 baseball season.

We asked Tommy what sort of team he had last season and he replied that they played about 50 games and he could only recollect losing eight of them. This would mean that the Bears compiled a season record of about 42 wins

and eight losses. Not bad for a bunch of amateur's.

Probably the main reason that Brown is smiling so broadly is the talented trio that makes up his pitching staff, headed by lefty Jim Idell, who is as familiar to Porterville baseball fans as horsehide. Idell has been pitching in this area so long that it is difficult to believe that the left-hander is only 24 years old. For two years Idell was the Porterville College pitching staff, and during one of those years the blonde youngster was undefeated in league play as he pitched the Pirates to a second place finish behind the Coalinga JC Falcons. Next in line is curve balling Mountie Bedford, who was one of the pitching aces on the Fresno State College nine that was eliminated in the NCAA finals last season. The Bulldogs were rated fifth in the nation off their performance. Bedford was an all-around athlete at Porterville High school and College and is probably best remembered for single handedly pitching the PUHS Panthers to the Delano Invitational Baseball Tournament championship in 1953. Bedford pitched the maximum number of innings allowed in the tourney and was given credit for all three of the Panther wins. The third member of the pitching trio is Larry LaBounty, a 28 year old right hander who threw two years as a professional in the class C leagues and has been retired for the past three seasons.

With three throwers such as these, it is easy to see why Brown has little trouble sleeping nights.

Elsewhere about the diamond we find Vern Motley, who spent last season catching for the professional Fresno Giants, and Bob Tombs sharing the catching duties. Stationed at first base is

hard hitting Jerry Womack, another ex-professional who broke in with the San Diego Padres as a pitcher a number of years ago, but gave it up with a sore arm. The second baseman is Al Hernberger, young man with five years of semi-pro experience in Southern California. Short stop is Bill Findley, a veteran with four years experience under Coach Pete Beiden at Fresno State college. Third base belongs to Bert Holt, a Visalia high school coach, who also played ball at Fresno State.

In the outfield Brown has Kenney Burcham in left field, a veteran with lots of semi-pro experience. The broad acres of centerfield are patrolled by Gregg Seastrom, another FSC veteran who also put in two years of semi-pro ball at Calgary, Canada. Right field is held down by Gary Anderson, a local boy with Fresno State college experience.

"I feel real good about this ball club," Brown said, "In some cases

we have better ball players than last year, and we are better because we have boys with lots of experience."

At present the Bears are involved in a conflict with the American Baseball Congress which may result in their becoming a semi-professional team. The ABC has handed down a new ruling that decrees that a club cannot recruit ball players from outside a 30-mile radius and that a ball player must play with the team nearest his home town. Brown states that if the ruling is not reversed the Porterville Bears will forsake their amateur status and become a semi-pro organization.

YOUR LEGISLATOR AT WORK!

Senator
J. Howard Williams
32nd District
California State Legislature

The budget act for 1960-61 is now behind us, and the \$2.481 billion spending bill is now before the Governor for final action. As I write this, we are proceeding rapidly with the work of the special session and may have succeeded in winding it up before you read this.

As was anticipated, a wide variety of items was included in the proclamation for the special session. The total of 39 subjects put before us in the original call and its three additions run the gamut from air pollution to unemployment insurance, from the sugar content of grapes to disposal of submerged lands. Many of the topics are technical in nature, but several have proved to be highly controversial.

Since there can be no limit on the type of legislation relating to the permitted subjects which may be introduced, a considerable number of bills and constitutional amendments were dropped in the hoppers of both houses, in addition to many resolutions expressing opinion on various matters. A total of 160 bills and 11 constitutional amendments were introduced in both houses, and our committees are speeding up their work on them, now that the budget session is over.

Among the major items on our agenda, education is the topic of the greatest number of measures, more than a third of those introduced in the Assembly, and almost that proportion in the Senate. Generally, these measures fell into three main categories: first, those relating to the organization of our state-supported higher education; second, those proposing increases in the number and value of scholarships for gifted students; and third, those relating to an additional state bond issue for school building loans to local districts.

As of now, a \$350 million school bond measure is making progress towards passage. Various scholarship bills are receiving favorable consideration. The master plan for higher education, about which I have previously written, now that the statutory approach to the problem has been substituted for the contentious constitutional amendment avenue. But proposals for additional state aid for junior college districts seem unable to go over some roadblocks. Air pollution legislation this

session is largely confined to proposals for state investigation and certification of motor vehicle exhaust control devices, plus a legal requirement that approved units be installed in all vehicles within stated time limits. A major bill of this type has passed its house of origin, but its fate in the second house seems uncertain at present.

A \$400 million bond issue for veterans' farm and home loans seems well on its way to final passage. It seems generally agreed that this amount is needed to enable the loan system to meet growing demands during the next few years.

A few major issues are still in such dispute that the bills containing them are on the doubtful list. A bill to further restrict use of "loss leaders" — goods sold by retailers below cost to attract customers — was side-tracked for interim study. Another to make

permanent state supervision of employee benefit funds also falls into this class. But a third, to impose stringent controls on second mortgage real estate loans revived considerably when state authorities filed complaints of sizeable fraud against certain firms in the field.

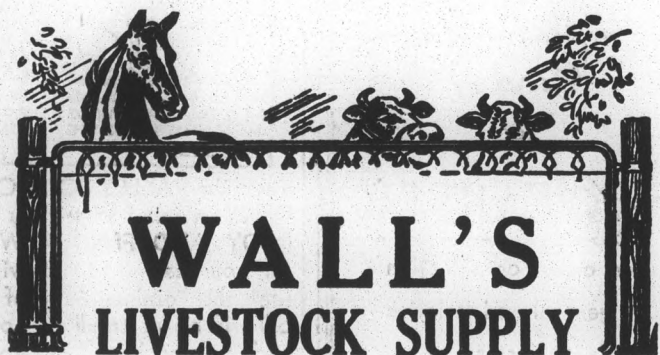

From this short summary of the major jobs in our special session chores, can there be much wonder that some of us Legislators are seriously recommending general sessions in even numbered years?

GUY FREDRICKS ALL-AROUND CHAMPION OF JUNIOR RODEO; CHRISTINE FRYMIRE AND SANDRA VAN FOSSEN TOP WINNERS

PORTERVILLE, April 7—Three junior riders—Guy Fredricks, 12, of Porterville; Christine Frymire, 14, of Tipton; and Sandra Van Fossen, 13, of Visalia — out-performed 106 competitors to take top honors in the annual Junior Rodeo that was sponsored Sunday by the Orange Belt Saddle club at the Rocky Hill arena in Porterville.

Fredricks was judged all-around champion of the rodeo; Miss Frymire won all-around horsemanship

honors, and Miss Van Fossen was high-point girl competitor in the show. Following are event placings, from first down, with entry try money won:

Boot race: Gregory Brown, Porterville, \$12.00; Johnny Lambert, Visalia, \$9.00; Clifford Hyder, Porterville, \$6.00; Patsy Williams, Porterville, \$3.00.

Barrel race, first section: Dennis Taylor, Tulare, \$12.00; Greg Lockhart, Porterville, \$9.00; Susan Shelton, Porterville, \$6.00; Sherri Lockhart and Peter Crane, split, both of Porterville, \$1.50 each. Winning time, 20.4 seconds.

Steer riding: Johnny Lewis, Tulare, \$28.80; Mike Porter, Porterville, \$21.60; Bill Underwood, Bakersfield, \$14.40; Larry Van

CHAPEL CHIMES

By
Rev. N. J.
Thompson

The World Health Organization was born twelve years ago, and World Health Day is observed annually on April 7th. Each year, a special problem is highlighted. For 1960, the theme is "Malaria Eradication—A World Challenge."

Malaria is caused by the presence in the blood of a parasite, Plasmodium malariae. These micro-organisms are carried by a mosquito. Quinine, and drugs like chloroquine and atabrine, plus mosquito control, has freed millions of people from malaria.

The malaria of sin brings headaches and fever, a thirst for carnal pleasures, and delirium, when the sufferer talks wildly, in anger and hatred, losing friends, making enemies, spreading trouble. Sin infects, wounds, and destroys. It

invades the palace, the hovel, store, office, ship, and shop. It fills the jails, insane asylums, and courts.

A big oak was felled. In its heart was found a rusty nail. Year after year that nail had done deadly work, spreading poison, until an area five feet in length was blackened, blighted. Sin usually starts in a small way — a white lie, cheating, "temperament", wild oats. Harmless as a mosquito bite, or an old rusty nail!

Is there no hope, no cure, for this poison in the bloodstream of the human race?

There is an old-fashioned remedy for sin, that has brought healing to multitudes for centuries. What is this remedy? The Gospel of Christ, which is "the power of God unto salvation to every one that believeth." Jesus Christ is the healer of broken hearts and broken homes.

To have a truly healthy world, we must have spiritual health. The eradication of sin presents a greater challenge than malaria. It needs our attention not just one day a year, nor once a week. It needs the daily touch of the Great Physician.

Fossen, Visalia, \$7.20.

Ribbon roping: Gregory Brown, Porterville, with Russell Williams, Porterville, as mugger, \$9.60; Russell Williams, with Gregory Brown as mugger, \$7.20; Gilbert Williams, Porterville, with Jessie James, Porterville, as mugger, \$4.80; Jerry Woody, of Woody, and Billy Ornelaz, of Woody, as mugger, \$2.40.

Medical Mirror
WHAT DOCTORS SAY ABOUT
Foods and Dreams
● Fever Convulsions

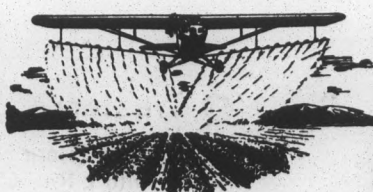

Q. Why do some foods—like cheese—make people dream?
A. So far as can be determined, there is no scientific evidence that cheese or any other food causes dreams.

Q. What causes convulsions in some children when they run a slight fever? Is there any medication to prevent fever convulsions?

P.S. — I enjoy reading Medical Mirror very much and find it helpful. — A faithful reader.
A. Some type of brain disorder is present in the majority of children who have fever convulsions. In almost half the cases there is a family history of similar convulsions, indicating a hereditary trend. Medical studies show that a convulsion is a serious symptom in childhood and deserves careful medical investigation. The physician may or may not prescribe drugs, depending upon the final diagnosis.

WHAT IS YOUR
FAVORITE WAY
OF
LOSING MONEY
?

Favorite, probably isn't the right word. Because, nobody enjoys losing money. But, the fact is, all of us lose money each day by its loss in purchasing power.

However, much of the loss can be regained through proper investments. And, that's our business — advising you on the best way to keep your shrinking dollars at their present par value.

So, if you're tired of losing money, why not come by or, give us a ring and we will call at your home. Either way, your time will be spent . . . profitably.

We Only Heard

By BILL RODGERS

SHAPE OF things to come on Olive street was indicated at the Tuesday meeting of the Porterville city council when consideration was given to the elimination of parking on Olive between Main and the Southern Pacific tracks.

NO ACTION was taken, but it will not be too many moons before parking will be eliminated not only in this area, but on out to Jaye street as well. And on toward the west, in the county area, there are also Olive street problems as traffic increases on this major road connecting the city of Porterville and the great, adjacent farming area.

RIGHT NOW Olive is carrying far more traffic than a two-lane street should, in fact, at times, more than recommended for a four-lane thoroughfare. But when four lanes of traffic move on Olive, as often happens, and cars are parked along the street, things get sort of jammed up.

AND IN the not too distant future, Olive will be extended east to tie in with Grevilla, which will put even more cars on Olive. Outside of Porterville to the west there is constant development along Olive — even out as far as the Cotton Center area, and development means at least one thing for sure — more cars.

IN ORDER to keep things moving, there will also be more traffic signals on Olive — inside and outside the city. The new signal at Olive and Jaye appears to have helped the situation at this intersection, and, to some degree, improved the pattern of traffic flow generally on Olive. But one light cannot control the entire street.

RIGHT NOW Olive is the second or third busiest thoroughfare in the county, and as time goes on, it will get nothing but busier. All of which might well call for advice and wisdom to owners of business property along Olive, both inside and outside the city: Better plan for off-street parking. Olive street is getting loaded.

July

Mon., 4 — Fireworks, College Stadium

THE OLD DAYS

JANUARY 1904

POPLAR — Mrs. Mattie Howell and daughter, Monnie, went to Tulare last Saturday to visit friends.

John Hornsby is going to plant 25 acres to alfalfa later on, provided enough rain comes to bring water down for irrigating.
D. Settemeyer and family have

moved from Porterville to their new home, recently purchased from Bart Clark.

PORTERVILLE—According to the report of Frank Roundsville, chief of the local fire department, made to the city trustees last Monday night, there has been but five fires in this city for the past seven months, and only two of them amounted to anything.

John H. Orr has passed the civil service examination for carrier for the newly created rural route.

H. G. Traeger, Ed. Weisenberger and Lou Hinton, went out on a duck hunt last week at the Big Simerna Well and the Whaley ranch, returned home loaded with experience but with little game. Mr. Traeger said they found but little water, let alone ducks, and not a smell of green grass, and a person had about as much chance with a flock of ducks as he would have hunting deer on the open plains. Mr. Hinton was pretty well disgusted and says he has sworn off duck hunting until after it rains.

NEW PRESIDENT of the 21st district, California PTA, is Mrs. Don McWilliams, of Visalia, who was recently installed at the organization's annual meeting in Porterville. Serving as officers with Mrs. McWilliams from the Porterville area are Mesdames Edmund Cook, Arthur Mabs and Jim Richards.

FIGHT CANCER WITH CHECKUP AND A CHECK

PORTERVILLE, Apr. 7 — Immediate saving of lives from cancer in Tulare county, and ultimate total victory over the disease, is the double objective of the 1960 Cancer Crusade which got under way here April 1.

The annual educational and fund raising drive of the American Cancer Society's Tulare County branch will be conducted by more than 500 volunteer workers in a month-long effort built around the theme, "Guard Your Family — Fight Cancer with a Checkup and a Check."

Ivan Crookshanks, president of the College of Sequoias, is the chairman of this year's county-wide campaign committee which will seek to raise \$28,000 as Tulare county's share of a \$3,000,000 statewide goal.

Assisting him in southeastern Tulare county are: Mrs. Bertha Hawk and Mrs. Lloyd Smith of Alpaugh; Mrs. A. J. Zimmerman of Ducor; Vince Adelman and the Earlimart Grange; Jack Walters of Lindsay; Mrs. Robert Bryans of Pixley; Kenneth Leesch of Porterville; Mrs. Mabel Garman of Springville; Theo. H. Iles of Strat-

more; Theo. H. Iles of Strathmore; John M. Moffitt of Terra Bella, and Rudy Eidswick, Tipton.

AT LAST! Science Now Gives
You Clear Hearing Again . . .

WITH NOTHING IN EITHER EAR!

The new electronic "break-through"
has aroused enthusiasm among busi-
ness men who don't want to wear a
hearing aid, but want to hear clearly in
conferences, meetings, at the theatre,
etc.

It's no longer necessary to advertise
your deafness by cupping a hand be-
hind your ear, asking people to repeat,
or wearing an old-fashioned "hearing
aid." It's no longer necessary to miss
the theatre because you can't sit in the
first few rows.

The exclusive, patented new Listener
will let you hear clearly without hav-
ing a seat in the front row. It's al-
ways ready. Put it on or take it off as
easily as a pair of glasses. No wires,
cords, tubes, or ear plugs — works on
contact with the head. Your appearance
is completely natural.

The principle is simple, but never be-
fore has it been applied with such
amazing effectiveness. A remarkable
new "Tympno Technique" by-passes
the defective outer and middle ear,
conducting sounds directly through the
mastoid process to the healthy, active
inner hearing mechanism.

Find out — without any cost or obli-
gation — how this scientific electronic
development will help you hear again
clearly and distinctly WITH ABSO-
LUTELY NOTHING IN EITHER EAR.
Find out how it can help you enjoy nor-
mal business, social and religious life.

Just send name and address for FREE
booklet on new patented "Tympno
Technique." Write Otation Listener

Springville Plays

(Continued From Page 1)

pany string providing opposition.

Grand entry is scheduled for 1 p.m. on both days of the two-day show. The Gill arena is located on the Balch park road, above Springville, and with green grass and wildflowers lending color to the Sierra foothills and with plenty of wide open space surrounding the arena, many families, as in past years, will enjoy an all-day outing along with the rodeo.

The weekend program gets under way Saturday morning at 10 o'clock with a western parade that will be led by the famous Porterville high school band. Western riders, mounted groups, comic entries and horse-drawn vehicles will be featured.

Special parade attractions will include three groups of baton twirlers — the Sanderettes and the Lynnettes from Bakersfield, and the Tanya Stephen troupe from Porterville.

Paul Hayden of Woodlake, will appear with his educated horse; Joe Ruzka, of Terra Bella will ride in his unusual American Indian style; May and Jake Yunker, of Delano, will appear with their silver mounted outfits.

Grand marshal of the parade will be Mrs. Carmah Hodges, Springville pioneer; announcing the parade, and also the rodeo, will be Johnny Jackson; reigning over the weekend celebration will be Linda Cooper, selected as the 1960 Springville rodeo queen.

Cousin Herb, with his Tradin' Post Gang, plus special guest entertainers, will play for the official Rodeo dance on the community slab Saturday night.

Special arena features for the rodeo will include Porterville's Canterbells, on Saturday only; Joaquin Sanchez, clown and bull fighter, and the comedy team of Beeswax and Moore, both days.

Food and refreshments will be served at the rodeo grounds by the Springville Farm Bureau, the Springville Grange, Boy Scouts and 4-H club members.

The RCA rodeo is staged by the Springville Rodeo association, composed of representatives of farm and civic groups in the Springville community.

Work Camp

(Continued from Page 1)

pare their meals there. Persons interested in visiting the project, and stopping in for dinner some day next week, should contact Virginia Perry, of Porterville,

community development worker for the American Friends Service committee.

A special program has been arranged for next Monday night, when Miss Ina Stiner will speak to the group on history of the Tule River Indian reservation.

ful, because I believe in progress. I have always worked for the good things, for the things that have brought progress."

What was the most exciting experience of her life? Indian trouble? Runaway horses? Early-day floods? Gun fights?

Not for Mrs. Hodges, who says her most exciting experiences were "when by great grandchildren arrived." And she now has six.

The grand marshal of the Springville parade will not ride a horse.

"I used to ride all the time," Mrs. Hodges says. "But I haven't been on a horse in years."

She has jokingly said that she prefers a bicycle to a horse, now-a-days, but members of the Springville parade committee will see that she appears in style that is befitting the old west, and befitting one of Springville's pioneers.

Sportsmen Plan

and to horse-drawn vehicles; in the individual rider class, first and second prizes will go to best man, and best woman; and to best boy and best girl under 12 years; and a first award will go to best matched pair.

Full details concerning basis of judging, parade formation, and filing of entry blanks can be obtained by writing to the Porterville Roundup Parade committee, P. O. Box 649, Porterville. Deadline for parade entry is April 30.

Invitations to enter the 1960 Roundup parade have been sent to

those persons who have participated in the past, however, Nelson states that all mounted groups, individual riders, and persons with horse-drawn vehicles are invited.
